

I&CPS ASIA 2020

July 13-16, 2020 | Weihai, China

CALL FOR PAPERS

2020 IEEE IAS Industrial and Commercial Power System Asia Technical Conference

The IEEE-IAS I&CPS Department invites you to submit papers for the 1st IEEE I&CPS Asia Conference

I&CPS Asia 2020 will focus on '**Grid Edge, Reforming the Future**'. The general scope of the conference is to provide practical information about the planning, construction, operation and analysis of industrial and commercial power systems.

Topics include but not limited to the following aspects:

Power System Engineering

- Power System Planning
- Power System Analysis
- Power System Reliability
- Power System Operation
- Power System Control

Smart Grid Technology & Application

- Real-time Grids Monitoring and Security Assessment
- Design of Modern Energy Management Systems (EMS)
- Novel Information Technologies for Smart Grids

Power System Protection

- Low Voltage Protection
- Medium Voltage Protection
- High Voltage Protection

Energy Systems

- Energy Efficiency
- Microgrid
- Distributed Energy Resources

Renewable Energy Integration

- Renewable Energy Development and Integration
- Energy Storage Technologies

Important News:

Considering the current 2019-nCov epidemic, submission deadline of I&CPS Asia 2020 has been updated to April 15th for better paper preparation.

Please submit electronic copy of Final Paper by **May 15, 2020**, through EasyChair online submission system. Authors will be notified about the paper decision by **June 15, 2020**.

Online Submission
of I&CPS Asia 2020

Up to 50% of the accepted papers will be eligible for IAS journal review and all of the accepted papers are needed for presentation at I&CPS Asia 2020 by authors. The identified corresponding author will receive instructions on how to submit the paper upon acceptance of the document. At least one author of each paper has full registration and presents the paper at the Conference. If you have any question, please feel free to contact us at icpsasia_2020@163.com.
