# IEEE International Smart Cities Conference 2022

## 26 - 29 September, 2022

### Aliathon Resort, Paphos, Cyprus

The **IEEE International Smart Cities Conference** is the flagship IEEE Smart Cities event which brings together practitioners, city policymakers & administrators, infrastructure operators, industry representatives and researchers to present technologies and applications, share their experiences & views with current and future Smart Cities applications. The conference includes keynote and panel session discussions, tutorials given by experts on state-of-the-art topics, and special sessions on emerging topics with the aim of complementing the regular program.

This event is financially sponsored by IEEE Smart Cities with Technical Co-Sponsorship being provided by the IEEE Technology and Engineering Management Society.
