IEEE PES Innovative Smart Grid Technologies North America 2023

Jan. 16 – 19, 2023
Washington, DC, USA

Welcome to ISGT 2023

The theme for the 14th North American Conference on Innovative Smart Grid Technologies is:
"Moving to a Self-Driving Grid."

Sponsored by the IEEE Power & Energy Society, it will be held Jan 16 – 19, 2023. The event will be in-person at the Grand Hyatt Washington in Washington, D.C.

ISGT NA 2023 Tracks

The Conference will feature keynote and plenary sessions, panel sessions and technical papers presented in poster sessions, as well as pre-conference tutorials. The conference is organized in three tracks: 1) Key Drivers and Enablers of Change; 2) Structures and Architectures; 3) Innovative Technologies and Processes Supporting Automation
