

Call for Sponsors
Institute of Electrical and Electronics Engineers (IEEE) 2022 International Topical Meeting
on Microwave Photonics (MWP) Sponsoring opportunities

June 1, 2022

Dear Friends,

It is my pleasure to inform you that the “IEEE 2022 International Topical Meeting on Microwave Photonics” (MWP 2022) will be held virtually on October 4-6, 2022.

MWP is the leading international conference in the field of microwave photonics, and one of the most prestigious and long-standing annual events in this field. Here, the latest progress in microwave photonics systems and technologies will be reported in selected papers, keynotes, workshops, and presentations.

This event is organized yearly by different national institutions across the world, typically alternating between Asia, Europe and Americas. It is coordinated by an international steering committee consisting of the world’s subject matter experts in the industry and scientific/academic communities. This year’s meeting is being supported by the IEEE, Microwave Theory and Techniques Society and the Photonics Society.

Every year this international forum attracts more than 150 scientists and researchers, product developers, sales managers and photonic and radio frequency market developers from institutions and companies across the world.

As General Chair of MWP 2022, I am contacting you to draw your attention to the sponsoring opportunities that are traditionally offered in connection with MWP. Below please find the various sponsoring levels.

If you consider MWP 2022 as a relevant networking and marketing opportunity and an additional means of visibility for your company, please consider a sponsorship for the event.

If you are interested, please contact me at the email below. Many thanks in advance for your attention and cooperation and best regards,

Arthur Paolella
