IEEE Symposium Series on Computational Intelligence

IEEE SSCI 2021

December 4th - 7th 2021, Orlando, Florida, USA

IEEE SSCI is an established flagship annual international series of symposia on computational intelligence sponsored by the IEEE Computational Intelligence Society. IEEE SSCI 2021 promotes and stimulates discussion on the latest theory, algorithms, applications and emerging topics on computational intelligence across several unique symposia, providing an opportunity for cross-fertilization of research and future collaborations. IEEE SSCI 2021 will be run as a hybrid conference. For more information visit http://attend.ieee.org/ssci-2021

IEEE Computational Intelligence Symposia on

Adaptive Dynamic Programming and Reinforcement Learning (IEEE ADACI)
CI in Agriculture (IEEE CIAg)
Cl for Brain Computer Interfaces (IEEE CIBCI)
Computational Intelligence in Big Data (IEEE CIBD)
Cl in Biometrics and Identity Management (IEEE CIBIM)
Cl in Control and Automation (IEEE CICA)
Cl in Healthcare and E-health (IEEE CICARE)
Cl in Cyber Security (IEEE CICs)
Cl in Data Mining (IEEE CIDM)
Cl in Dynamic and Uncertain Environments (IEEE CIDUE)
Cl and Ensemble Learning (IEEE CIEL)
Cl for Engineering Solutions (IEEE CIES)
Cl for Human-like Intelligence (IEEE CIHILI)
Cl in IoT and Smart Cities (IEEE CIoT)
Cl for Multimedia Signal and Vision Processing (IEEE CIMSIVP)
Cl in Remote Sensing (IEEE CIRS)
Cl for Security and Defence Applications (IEEE CISDA)
Deep Learning (IEEE DL)
Evolving and Autonomous Learning Systems (IEEE EALS)

Important Dates
Special Session Proposals: May 28th 2021
Tutorial Proposals: May 28th 2021
Paper Submissions: August 6th 2021
Paper Acceptance: September 17th 2021
Camera ready Paper: October 15th 2021
Early Registration: October 15th 2021

Call for Papers
Papers for IEEE SSCI 2021 should be submitted electronically using the conference website: http://attend.ieee.org/ssci-2021 and will be reviewed by experts in the fields and ranked based on the criteria of originality, significance, quality and clarity.

Call for Tutorials
IEEE SSCI 2021 will feature tutorials covering fundamental and advanced topics in computational intelligence. A tutorial proposal should include title, short introduction to the topic, an outline of the tutorial, length of the tutorial, level and names, affiliations, websites, and bios of presenters.

Call for Special Sessions
Special session proposals should include title, a description of the scope, a list of topics covered, a list of potential contributors, and names, affiliations, websites, and bios of special session organizers.
